

A BIG WARM THANK YOU
FOR USING THE RIGHT CONTAINERS.

It may not seem like much, but it makes a huge difference. Setting out leaves and trimmings in kraft bags and open-top containers means we can collect them for recycling into compost, easing our City's reliance on landfill. (Remember to grasscycle and backyard compost too.) It adds up

to 10 fewer trucks sent to Michigan every day. And now that you've switched from plastic bags, the compost we create and offer back to you free is purer. No wonder we're grateful. Check your calendar for weekly April/May collection, click toronto.ca/compost or call 416-392-4546.
