

Is this what they  
mean by money laundering?

Introducing the Wash 'n' Save program. Buy a new City-selected water-efficient washing machine and we'll give you \$60 cash back. These machines use nearly half the water and energy of conventional top-loaders, and are gentler on clothes too. Download the application form at [www.toronto.ca/water](http://www.toronto.ca/water) or call 416-392-7000. Help ease demand on the City's water and wastewater systems.
