Registration/Program Policies

Release of Liability, Waiver of Claims, Assumption of Risks and Agreement

Please Read Carefully! I recognize that my participation in the program/activity for which I register may include a risk to my health or a risk of injury. I hereby willingly assume such health risk or risk of injury for myself or for the person(s) for whom I am in law responsible, and I assume full responsibility before, during and after my/their participation in the program/activity. In consideration of the acceptance of my application and the permission to participate in the program/activity, I, for myself, my heirs, executors, administrators, successors and assigns HEREBY RELEASE, WAIVE, AND FOREVER DISCHARGE the City of Toronto, all other organizations, associations and companies associated with any of the programs offered by the City of Toronto, and all their respective employees, agents, contractors, consultants, representatives, elected and appointed officials, successors and assigns (all of whom are called the “City Indemnitees”) OF AND FROM ALL claims, demands, losses, damages, costs, actions and other proceedings whatsoever, whether in law, statute or equity, in respect of death, injury, loss or damage to me or my property, howsoever caused, except to the extent caused by or attributable to the negligent or intentional acts of the City Indemnitees, arising or to arise by reason of my participation in the program or any of its associated activities.

By using telephone operator-assisted, Toronto FUN Online or in-person registration I acknowledge that I have read, that I understand and that I agree with this waiver.

Residency Requirements

Program registration priority will be given to residents of the City of Toronto.

Residents

Residents are people who live in Toronto, or own a residential or business property located in the City of Toronto. When you register for a program or attend your first class, you may be asked to prove your residency by presenting, for example, a current utility bill, assessment notice or telephone bill with your current address. If proof of residency is not provided, the non-resident fee will be applied.

Non-Residents

Non-residents do not reside in, own property in, or own a business in Toronto (as defined by ‘M’ series postal codes).

• Non-residents must wait 10 days after the initial registration date(s) to register for programs.
• Non-residents must pay a $45 non-resident fee in addition to the program fees.
• Non-residents must pay a minimum $92 non-resident fee for free programs.

Multiple Registrations
Registrants can register members of their own immediate family only. Registration for more than one family is not permitted. Registrants can register for person(s) who they are responsible for under the law.

Duplicate Registrations
Parks, Forestry and Recreation programs are very popular. To give the greatest possible access to as many clients as possible, clients who have registered for programs that occur at the same time must choose one program and staff will withdraw them from the rest, giving others a chance to participate.

Older Adults’ Discount
Clients 60 years+, who register for adult programs are eligible to receive a 50% discount off the full adult rate. Older adult discounts do not apply to Older Adult programs, contracted, partnership or third-party programs.

Age Specifications
Registrants must reach the specified age of the program by the first day of class.

Private Lesson Programs
Private lessons are intended for all ages. Thus no discount is applied to private, semi private and small group lessons, contracted, partnerships, or third-party programs.

Camp Extended Hours Program
The camp extended hours program is supervised care before and/or after camp, only for participants who are registered in the associated City of Toronto Parks, Forestry and Recreation camp program. Participants may only register for the extended hours program at the same camp location that they are registered for. Participants must be registered at the camp location before registering for the extended hours program.

Personal Account Information
To review your personal information, access your account at efun.toronto.ca. If changes are required email pfrcustomerservice@toronto.ca or call 416-396-7378.

Program Receipts
You can access your receipts or account history at any time for up to two years. Keep your receipts for your records.

Fee Information
• Fee calculations are rounded to the nearest dollar and include 13% HST where applicable
• If there is a discrepancy in fees, the City Council approved Parks, Forestry and Recreation User Fee Guide will apply.
• Fees are subject to change as a result of the Council approved operating budget.

Prorating Program Fees
Program fees are prorated based on the number of classes remaining. For evaluated or instructional programs (e.g. swimming), prorated registrations will be allowed before the third class start.

Partial Payment
When you register for a program that costs more than $100, you have the option of paying in two installments. Fifty per cent (50%) of the course fee must be paid when you register, and the remainder is due five weeks before the last day of the program. The partial payment option is available by calling one of our client service representatives at 416-396-7378.

Transfers
A transfer fee of $11 (per person/per course) will be applied to any client initiated request to move from one program to another or from one class to another. Transfers must be requested prior to the third class/day and will be prorated. Transfers are not permitted for certification programs or as determined by Parks, Forestry and Recreation Staff.

Withdrawals, Refunds and Credits
All registration cancellations/withdrawals must be initiated prior to the start of the program’s third class/day only. No refunds or credits will be considered after this date. Withdrawals will be prorated based on the date of withdrawal, not based on attendance in the program. Programs that operate beyond 12 weeks will be considered for withdrawals up to half of course. A $11 administration fee will be deducted per person, per program for all refunds, withdrawals and credits. Refunds will be processed back to the original method of payment. As a result of new standards for credit card data security, some refunds may not be processed automatically. In these situations, the primary account holder will receive email instructions to complete the refund process.

Requests may be made:
• By phone – client services 416-396-(378
• In-person – City Hall, civic centres or community recreation facilities

Or complete the Transfer, Withdraw and Refund Request Form available online at toronto.ca/parks/registration and submit by:
• Email – pfrcustomerservice@toronto.ca
• Fax – 416-392-1551*
• Mail – Parks, Forestry and Recreation, Client Services, Toronto City Hall, 100 Queen Street West, 1st floor Toronto, ON M5H 2N2

Call 416-396-7378 for more information, Monday to Friday 8AM-5PM.

There are no refunds for memberships, passports and punch cards. For camps that have an added consumable fee, there is no refund of the consumable fee once the program starts. Credits of $10 and under will stay on account and will not be processed as a refund due to costs. For your convenience and easy access to Parks, Forestry and Recreation programs and facilities, credits will remain on accounts for three years.

Account Disputes
Account disputes must be registered in writing or requested to be resolved within the calendar year of registration (in the case of December, winter registrations within three months). You can review your account history through our online registration at efun.toronto.ca or by speaking to one of our client service representatives at 416-396-7378.

Program or Class Cancellations
A program may be cancelled for a variety of reasons, which may include low registration, or the facility is not available. A class may be cancelled due to extenuating circumstances, for example weather emergencies or power failures.

In the event of a cancellation of a registered program, efforts are made to notify participants, however due to time or extenuating circumstances, it may not always be possible.

To check the status of a program, participants can contact a client services representative at 416-396-7378 or call the facility offering the program directly.

Participants will receive a full refund or credit if the program for which they have registered is cancelled by Parks, Forestry and Recreation.

In the event of a class cancellation due to extenuating circumstances, every effort will be made to make up the class on another date.

Parks & Horticulture

Toronto Parks are for all to enjoy!

One of the greatest strengths of our city is our wonderful parks system. Big or small, these parks offer everything from play to quiet relaxation.

Our parks let you absorb the peace, quiet and natural beauty of the outdoors without leaving the city. Walkers, joggers, cyclists and hikers can follow over 90km of paved trails. There are many great locations for family picnics and group events. Convenient TTC service near most main park entrances and ample parking makes reaching these parks easy.

Gardens and Conservatories

Surround yourself with the delightful sights and smells of breathtaking flowers and gardens. Gardens and conservatories are located throughout the city.

Urban Forestry

Plant a Tree, Grow a Forest

Toronto’s diverse urban forest is the vital green infrastructure that creates healthy neighbourhoods, supports habitat and biodiversity, promotes clean air and water, offers opportunities for recreation and education, fosters economic prosperity and enhances quality of life for everyone in the city.

Toronto's urban forest currently covers approximately 26.6 - 28% of the city. There are roughly 6.1 million trees on private property and 4.1 million trees on public property, for a total of 10.2 million trees.

The City of Toronto is planning to reach the goal of 40% canopy cover over the next 40-50 years through maintaining, planting and protecting our urban forest. But we all have an important role to play in caring for this shared resource. Find out more about how you can help to grow a forest.
