Location:	Committee Room 2		(416) 394-2515
	2nd Floor, City Hall		bbartle@city.toronto.on.ca
	100 Queen Street West		
	Toronto, Ontario		

COMMUNICATIONS/REPORTS.

12. PROPOSED HARMONIZED WARRANTS FOR THE INSTALLATION OF 40 KM/H SPEED LIMITS AND ALL-WAY STOP SIGN CONTROL

Report to the Works Committee
from the Commissioner of Works and Emergency Services
(March 6, 2001)

Proposing a set of criteria and principles which can be applied uniformly across the City of Toronto where streets are being considered for a 40 km/h speed limit or intersections are being considered for All-Way Stop Sign Control; and recommending that:

- (1) the interim warrants for establishing a 40 km/h speed limit and for installing All-Way Stop Sign Control, as described in and attached to this report, be adopted for uniform use within the City of Toronto for a trial period;
- (2) after staff have used the interim warrants for the installation of 40 km/h speed limits and All-Way Stop Sign Control, staff report on their experience with and the effectiveness of these criteria to their respective Community Councils during the month of November, 2001;
- (3) staff report on the Community Council consultation to Works Committee at the first meeting of 2002 for the purpose of recommending adoption of permanent warrants to City Council; and

- (4) City Council rescind the existing policies of the former municipalities of the amalgamated City of Toronto which relate to the justification of 40 km/h speed limits and All-way Stop Sign Control so there is no contradiction in the use of the interim warrants detailed in this report.

(Co-Chair's Note: The Commissioner of Works and Emergency Services has requested that the Toronto Cycling Committee review the aforementioned Report and forward comments directly to the March 28, 2001 meeting of the Works Committee. Mr. Daniel Egan, Manager, Works and Emergency Services, will be in attendance at the meeting of the Toronto Cycling Committee to answer any questions.)

ANY OTHER MATTERS.
