Reference Table

The reference table at the front of this document provides a quick guide to the organization of the minutes and the minute numbers for specific items. The reference table lists all the Standing Committee Reports, Community Council Reports, and Notices of Motion which were considered at the Council meeting.

What Council Actions are Minuted?

Standing Committee and Community Council Reports set out the recommendations being made to City Council, in the form of a Clause, for a decision on an issue. Actions taken by Council, such as the following examples, are recorded in the minutes:

- a motion considered by City Council to amend, refer or defer, or receive the Clause,
- a recorded vote was taken,
- a Member requested that his/her opposition to Council's action be noted in the Minutes of the Meeting,
- C a ruling of the Chair was made.

The minutes also indicate which Clauses have been held for further consideration, and which Clauses have been released without amendment by Council. Under § 27-17(D), Agenda and Order of Business, of Section 27 of the City of Toronto Municipal Code, Clauses that are not held by Council for further consideration are deemed to have been adopted by Council, without amendment.

All the Standing Committee and Community Council Reports, as adopted by City Council, are attached to the official set of minutes as an Appendix A, and are available through the City Clerk's Office. This appendix contains a complete record of every Clause that was before Council at its meeting.

All By-laws enacted by Council are also recorded in the minutes. They are also attached to the official set of minutes as an Appendix B, and are available through the City Clerk's Office.

Council decisions for each Notice of Motion presented to Council are also recorded in the minutes.

Minute Numbering

Each minute number begins with the number of the Council meeting. The Council year is the calendar year (January to December). For example, Minute No. 8.3 is the third minute for the eighth meeting of the Council year. An "S" before the minute number indicates a Special Meeting of Council.

Minutes Reference Table

Note: To find out the actions taken by Council regarding the Clauses in the Reports of Standing Committees and Community Councils, please refer to the minute number and page number in the right hand columns. Those Clauses without a minute number were adopted by City Council without amendment. All Standing Committee and Community Council Reports, as adopted by City Council, are contained in Appendix A to the official minutes (available through the City Clerk's Office).
