SCHEDULE "A"

Reasons for Designation (Statement of Significance): 29 and 31 Howard Street

William McBean Houses

Description

The properties at 29 and 31 Howard Street are worthy of designation under Part IV, Section 29 of the *Ontario Heritage Act* for their cultural heritage value, and meet the criteria for municipal designation prescribed by the Province of Ontario under the categories of design and contextual value. Located on the south side of Howard Street, east of Bleecker Street, William McBean Houses (1876) at #29 and #31 Howard Street are a pair of 2½-storey semi-detached house form buildings. The properties were listed on the City of Toronto Inventory of Heritage Properties in 1974.

Statement of Cultural Heritage Value

Contextually, the properties at 29 and 31 Howard Street are integral parts of the collection of surviving heritage buildings dating to the late 19th and early 20th centuries that characterizes the Howard Street neighbourhood as it originated and evolved as a desirable upscale residential enclave southeast of Sherbourne Street and Bloor Street East. The buildings at 29 and 31 Howard Street are placed between the other William McBean Houses (1876) at #25-27 Howard Street on the west and #33-35 Howard Street to the east, with the William McBean Stores (1876) at #21-23 Howard Street anchoring the west end of the group. With the latter properties, William McBean Houses at 25 and 27 Howard Street are historically and visually linked to their surroundings as the oldest surviving buildings of their type in the neighbourhood and the only heritage properties remaining on the south side of Howard Street between Sherbourne Street and Parliament Street.

The William McBean Houses have design value as rare examples of late 19th century residential buildings with Second Empire styling in the Howard Street neighbourhood. As one of the most popular architectural styles of the era, the William McBean Houses display the distinctive mansard roofs that distinguish Second Empire buildings, along with the colourful and appealing pattern brick detailing. The semi-detached houses at 29 and 31 Howard Street are part of a group of connected buildings on the south side of Howard Street, extending east of Bleecker Street, which is comprised of the William McBean Stores at #21-23 and the semi-detached house form buildings at #25-27, #29-31 and #33-35. Following the angle of Howard Street, each pair of buildings is set back in relation to its neighbours.

Heritage Attributes

The heritage attributes of the properties at 29 and 31 Howard Street are:

- The pair of semi-detached house form buildings.
- The scale, form and massing of the 2½-storey rectangular plans.
- The red brick cladding, with brick, stone and wood trim, including contrasting buff brick applied for the quoins and the door and window detailing.

- The mansard roofs with decorative slate shingles and round-headed dormers.
- The firebreak wall with a brick chimney that forms the east elevation of #31 Howard Street.
- The design of each pair as mirror images, with the main entrances placed in the centre and flanked by single-storey bay windows (the storefronts are later additions that are not identified as heritage attributes).
- The placement of the buildings on the south side of Howard Street, east of Bleecker Street, where the semi-detached houses and their neighbours are aligned with Howard Street as it extends on a southeast angle from Sherbourne Street.
