To amend former City of Toronto Zoning By-law No. 438-86, as amended, with respect to the lands on the north side of Dupont Street between Ossington Avenue and Kendal Avenue.

Whereas Council of the City of Toronto has provided adequate information to the public and has held at least one public meeting in accordance with the Planning Act;

The Council of the City of Toronto enacts:

1. By-law No. 438-86, as amended, is further amended as follows:

   (a) Except as otherwise provided herein, the provisions of Zoning By-law No. 438-86 shall continue to apply to the lands shown in Map 1, collectively referred to herein as the "the study area".

   (b) None of the provisions of Sections 4(2), 4(3), 4(4), 4(5), 4(16), 8(3) PART I, 8(3) PART II 4l, 9(3) PART I of former City of Toronto By-law No. 438-86 shall apply to prevent the erection or use of one or more buildings and structures, within the study area, provided that all of the provisions of this By-law are complied with.

   (c) Amending Maps 49J-312, 49J-313 and 50J-311 to rezone the lands shown on Map 2 of this By-law from IC D2 N1 and IC D2 N2 to MCR.

   (d) Amending Maps 49J-312, 49J-313 and 50J-311 to rezone the lands shown on Map 2 of this By-law from IC D2 N1 and IC D2 N2 to IC D2.

   (e) Notwithstanding the definition of lot, two or more buildings are permitted on each lot in the study area.

PERMITTED USES

   (f) Within the lands zoned IC, as shown on Map 3 only the following uses are permitted on the south side of the berm required in Section (i) of this By-law, in an auxiliary building:

      (i) berm;

      (ii) storage warehouse;

      (iii) parking garage;

      (iv) loading space type A, type B, type C or type G;
(v) open space; and

(vi) any required rail safety, noise or vibration mitigation structure.

(g) The total non-residential gross floor area of any one retail store on any lot in the study area may not exceed 5,000 square metres.

(h) The total residential gross floor area on any lot may not exceed 1,500 square metres.

RAIL SETBACK

(i) Any principal building may only be constructed on the portion of a lot zoned MCR if a berm is constructed on the portion of the lot zoned IC.

HEIGHT

(j) The maximum height of any building or structure erected above grade within the study area has a maximum height in metres as shown following the symbol "H" on Map 3 of this By-law.

(k) Notwithstanding Section (j) of this By-law, the maximum height shown on Map 3, in the area zoned MCR on Map 2 includes all mechanical equipment, elevator overruns, stair towers, guards and any other projections.

(l) The minimum height of any new building or structure in the study area is 10.5 metres.

STEPBACKS

(m) Above the 3rd storey, a minimum 5 metre setback, from the edge of the building below for the entire Dupont Street façade.

(n) Above the 3rd storey, a minimum 5.5 metre setback for the entire of the side facades (east and west), from the edge of the building below.

NET GAIN IN NON-RESIDENTIAL USES

(o) Any new building or structure within the study area must contain a greater amount of non-residential gross floor area, than what existed on the lot prior to the date of the passing of this By-law.

MAXIMUM BUILDING WIDTH

(q) The maximum width of any part of a building or structure, above grade, facing Dupont Street cannot exceed 90 metres.

AMENITY SPACE

(r) Indoor residential amenity space shall be provided in no more than 2 separate areas one of which must contain a kitchen and a washroom, and must be directly adjacent to the outdoor residential amenity space.

(s) All residential amenity space shall be provided above grade.

UNIT MIX

(t) Any new building or structure containing dwelling units shall include a minimum of 10% 3-bedroom dwelling units, and a minimum of 20% 2-bedroom dwelling units.

DEFINITIONS

(u) auxiliary building - is a building which is a separate building from the principle building on a lot.

(v) berm - an earthen mound compacted to 95% modified Proctor, constructed parallel to the rail corridor, with returns at the ends. Must be a minimum height of 2.5 metres, from grade at the rail corridor property line, with side slopes not steeper than 2.5 to 1 (horizontal to vertical) on both sides.

(w) open space - is an area absent of structures through which people move. May include bike trails, pedestrian pathways and parkland.
(x) **principal building** - the primary building on the lot, located in the area zoned MCR, containing the uses permitted in that zone.

(y) **storage warehouse** - is a building or structure for the storage of non-offensive goods, wares, merchandise, substance, articles or things.

(z) **the study area** - as defined by the heavy lines on Map 1.

Enacted and passed on August 28, 2014.
