CITY OF TORONTO

BY-LAW No. 1047-2015

To amend City of Toronto Municipal Code Chapter 545, Licensing, respecting owners and drivers of taxicabs, owners and drivers of limousines, taxicab brokers and limousine service companies.

Whereas the City of Toronto Act, 2006 grants the City of Toronto the authority to enact by-laws respecting business licensing, the economic, social, and environmental well-being of the City, the health, safety, and well-being of persons, and the protection of persons and property, including consumer protection; and

Whereas there has been a proliferation of taxicab and limousine services operating outside of the provisions of City of Toronto Municipal Code Chapter 545, Licensing, governing owners and drivers of taxicabs and limousines, taxicab brokers and limousine service companies; and

Whereas persons enabled by the use of modern technology have advanced narrow interpretations of the provisions of Chapter 545 to justify the operation of unlicensed and unregulated taxicab and limousine services, including brokerage services; and

Whereas the operation of unlicensed and unregulated taxicab and limousine services, including brokerage services, is contrary to the public interest, the economic, social, and environmental well-being of the City, the health, safety, and well-being of persons, and the protection of persons and property, including consumer protection; and

Whereas City Council deems it necessary and expedient to amend Chapter 545 to ensure that all taxicab and limousine services, including brokerage services, are operated by persons licensed and regulated by the City regardless of the type of technology used in the provision of those services; and

Whereas a technical amendment is necessary to reflect the decision of the Superior Court of Justice in Toronto Taxi Alliance v. City of Toronto which quashed the provision of Chapter 545 that required the mandatory conversion of all standard taxicabs to Toronto Taxicab Licences by July 1, 2024;
