

Authority: Infrastructure and Environment Committee Item IE1.3, as adopted by City of Toronto Council on January 30 and 31, 2019

CITY OF TORONTO

BY-LAW 249-2019

To provide for an integrated pest management plan to control European Gypsy Moth infestation.

Whereas the presence of European Gypsy Moth populations in certain areas of the City has reached outbreak levels; and

Whereas in the interest of preserving the environmental well-being of the City it is necessary to implement control measures in order to prevent further tree loss and defoliation and to preserve the tree canopy;

The Council of the City of Toronto enacts:

1. The General Manager, Parks Forestry and Recreation is authorized to implement an aerial spraying of the biological control agent *Bacillus thuringiensis* subspecies *kurstaki* (Btk) (Product Name: Foray 48B Biological Insecticide Aqueous Suspension- (PCP) Registration Number: 24977) to control European Gypsy Moth infestation in Wards 1, 2, 3, 4, 11, 12 and 15 in areas identified on the maps attached as Schedules A and B to this by-law.

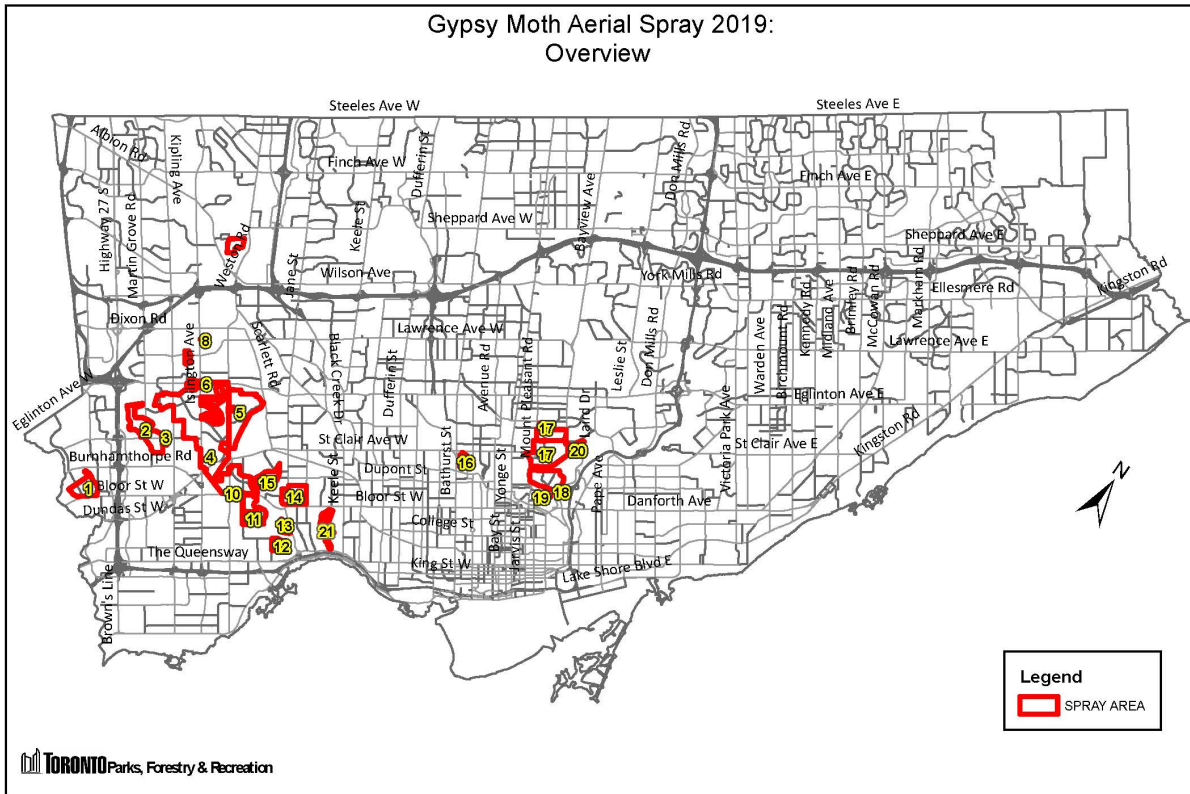

Enacted and passed on January 31, 2019.

Frances Nunziata,
Speaker

Ulli S. Watkiss,
City Clerk

(Seal of the City)
