### **Proposed 2007 Rate Increase for Homemaking Agencies Contracted by the Homemakers and Nurses Services Program (HMNS)**

(December 19, 2006) report from General Manager, Homes for the Aged

#### **Committee Recommendations**

The Community Development and Recreation Committee recommends that:

1. the rate paid to community service agencies contracted by HMNS, including those community service agencies who provide service under the “Special Needs Fund” of HMNS be increased from \$16.83 to \$20.65 effective January 1, 2007;
2. the rate of \$20.65 be deemed to be an all-inclusive rate, covering the costs associated with hourly service provision, pay equity and travel, as outlined in this report;
3. for those contracted agencies whose current rate of payment exceeds the recommended blended rate, that the rates paid to these agencies be grandparented until the current funding discussions with the Ministry of Health and Long-Term Care are finalized; and if these discussions do not result in increased funding to the City then the blended rate be implemented for the agencies at that time;
4. the General Manager of Homes for the Aged be authorized to negotiate annual rate increases in 2008, 2009 and 2010 that do not exceed the rate of inflation and are within the Division’s approved base program budget; and

5. the appropriate City officials be authorized and directed to take the necessary action to give effect thereto.

### **Financial Impact**

There are no financial implications arising out of this report. The homemaking services will continue to be cost-shared between the Province and the City on an 80:20 basis as outlined in the *Homemakers and Nurses Services Act*, and the rate increase will be managed within the divisional 2007 operating budget.

### **Summary**

The Homemakers and Nurses Services Program (HMNS) contracts with eleven (11) community service agencies to provide in-home support (light housekeeping, laundry, assistance with meal preparation, etc.) to clients of the City's HMNS (i.e. seniors, the frail elderly, persons with disabilities) to support these City residents to remain in their own homes and age in place. The rates paid to the eleven agencies are specified in annual service agreements with the City, but the actual rates have not been increased since 2004. This has created hardship to some contracted community service agencies as they have incurred wage increases of between two to three percent annually.

In addition, there was a historic approach adopted by the Ministry of Health and Long-Term Care (MOHLTC) and the City's HMNS to pay the contracted community service agencies for their service to clients by flowing funding in three separate "streams" or "components", namely the hourly rate, the pay equity rate and the rate paid for travel time between clients. The MOHLTC has changed its own approach to funding the City's HMNS program and now considers all three components to be part of the base funding, making it possible for the City to initiate a blended rate for all three components, resulting in administrative efficiency within HMNS.

The HMNS is a cost shared program (80:20), although the pay equity component was previously 100 percent funded by the MOHLTC. The proposed rate increase and the proposed blended rate will be absorbed within the approved operating budget for HMNS.

### **Background Information**

2007-cd1-3

(<http://www.toronto.ca/legdocs/mmis/2007/cd/bgrd/backgroundfile-984.pdf>)

### **Decision Advice and Other Information**

The Community Development and Recreation Committee requested the General Manager, Homes for the Aged, to submit a briefing note to City Council on February 5, 2006, providing the following information:

- i. the funding increase being sought by Toronto Homes for the Aged from the Regional Office of the Ministry of Health and Long-Term Care with respect to the Homemakers and Nurses Services Program (HMNS);
- ii. the reduction in volume of service that would need to be implemented if the rate paid to

contracted agencies is approved as outlined in this report, without a corresponding increase in Ministry of Health and Long-Term Care funding; and

- iii. the hourly wage rates paid by the Community Care Access Centres.

### **Ensuring Parents are Provided with Assistance in Properly Installing Child Safety Car Restraints**

(October 6, 2006) letter from City Clerk

### **Committee Recommendations**

The Community Development and Recreation Committee recommends that:

1. the Fire Chief initiate a program within six to nine months within some fire halls where at least one firefighter on duty will be available to assist with the safe installation of a child car seat or who can check an installation to ensure that it has been done properly; and
2. the Fire Chief report to the Community Development and Recreation Committee in three months on the progress made to implement this program, and incorporating, in his report, comments from the City Solicitor on any issues of liability with respect to this program.

### **Summary**

City Council on September 25, 26 and 27, 2006, referred a motion respecting the proper installation of child safety car restraints to the Community Development and Recreation Committee.

### **Background Information**

2007-cd1-6

(<http://www.toronto.ca/legdocs/mmis/2007/cd/bgrd/backgroundfile-645.pdf>)

**Decision Advice and Other Information**

The Community Development and Recreation Committee referred the motion outlined in the communication (October 6, 2006) from the City Clerk to the Fire Chief for a report to the Community Development and Recreation Committee.
