### CONFIDENTIAL INFORMATION

The recommended Head Lessee is Redcliff (Union Station) Inc. (the “Head Lessee”), a wholly-owned subsidiary of Osmington Inc., pursuant to the terms of an offer submitted by Redcliff Realty Advisors Inc. (“Redcliff Advisors”). The Head Lessee’s covenant will be backed by a $35 million guarantee and indemnity from Osmington Inc., which will run to the end of the second year following the commencement date of the initial term of the Head Lease Agreement.

Redcliff Advisors is a division of the Redcliff Realty Group, and provides acquisition, disposition, development, and portfolio and asset management services on behalf of a variety of pension fund clients. Its portfolio consists of over $3.3 billion of office, retail, industrial and multi-residential properties and 25 million square feet of space on behalf of Canadian institutional investors. The Redcliff Realty Group is a wholly-owned subsidiary of Osmington Inc., which is one of Canada’s largest private real estate companies. Redcliff Advisors’ broad representation in the retail marketplace positions it to take advantage of strong relationships with a variety of tenant groups that will facilitate the successful leasing of Union Station following redevelopment, but also to maximize tenant relationships and retail occupation in the interim.

At its December 11, 12, and 13, 2007 meeting, City Council adopted a process and criteria for the selection of the head lessee which included the requirement for a minimum of 50% of the equity participation of the head lessee to be from a Canadian Pension Fund.

Since that time, economic circumstances have created significant barriers to the financial industry and pension funds to investing in real estate transactions. Consequently, during the course of the head lessee selection process, all of the pre-qualified proponents, with the exception of Redcliff Advisors, removed themselves from the selection process. During the final step in the selection process of the recommended Head Lessee, which is the confirmation of pension fund support, and following negotiations of the terms of the head lease, the City was advised that the recommended Head Lessee could not secure the participation of a pension fund at this time. Nevertheless, the parent company of the recommended Head Lessee has committed its own resources to the transaction by agreeing to back the Head Lessee with the $35 million guarantee and indemnity noted above.

City staff recommend acceptance of the recommended Head Lessee on the basis of the following: (1) the participation of a pension fund cannot be secured at this time; (2) the recommended Head Lessee is a wholly-owned Canadian subsidiary of a company with sufficient financial covenant to support this transaction; (3) the selection process was completed fairly; and
In accordance with Council direction, the head lessee selection process has been reviewed by a Process Monitor. This process has ensured that all of the candidates have been dealt with in a consistent manner. The Process Monitor concluded that City Staff and its third party agents conducted the consultation and evaluation process in a manner that was in keeping with the published instructions.

The negotiated terms that will form the basis for the formal Head Lease Agreement will be based on Redcliff Advisors’ offer dated June 24, 2009 (including the Osmington guarantee/indemnity dated July 28, 2009) with such modifications and additional terms as deemed appropriate, the principal terms of which can be summarized as follows:
