ATTACHMENT 2 A

This technical drawing illustrates a vertical rectangular frame, possibly a door or window frame, featuring a central vertical column and internal diagonal and horizontal bracing. The entire structure is enclosed within a large rectangular border. A vertical dashed line runs through the center of the frame, and a horizontal dashed line intersects it at approximately the one-third mark from the bottom. The drawing is annotated with numerous dimension lines and numerical values in inches:

- Width: 36 inches
- Height: 84 inches
- Thickness: 1 1/2 inches
- Brace thickness: 1/2 inch
- Brace length: 30 inches
- Brace width: 1 1/2 inches
- Brace height: 24 inches
- Brace angle: 45 degrees
- Vertical column width: 1 1/2 inches
- Vertical column height: 84 inches
- Vertical column thickness: 1 1/2 inches
- Vertical column brace width: 1 1/2 inches
- Vertical column brace height: 24 inches
- Vertical column brace angle: 45 degrees
- Vertical column brace thickness: 1/2 inch
- Vertical column brace length: 30 inches
