RE: Closure of Earl Beatty Community Centre

As a parent and healthcare provider in East York, I am opposed to the cuts planned for the Earl Beatty Community Centre.

Family Health Centre &
Child Development Centre

For my 10 and 12 year old children, Friday nights have revolved around Earl Beatty Ball Hockey for a number of years. It is an opportunity for kids to have structured physical activity and develop a sense of community spirit through competition. These are absolutely important physical and social skills that can be taught through sports for what amounts to a minimal additional cost.

We owe it to the children and the community to preserve these very important programs.
