Dear Mr Parrotta,

**Re: 24/7 Prohibition of Heavy trucks on Weston Road**

This will confirm receipt of your fax sent to our office at 2:57PM on July 8 pertaining to the above issue and I wish to advise you that I fully concur and support the community position in this matter.

Heavy traffic on Weston Rd has been a long outstanding issue and total prohibition of heavy trucks would eliminate most of the noise and pollution which is affecting the local community in a very negative fashion.

Again, I fully endorse your position and wish to add my voice and support to your and our community cause.

Thank you and best wishes.

Yours Truly,

A handwritten signature in black ink that reads "Mario Sergio".
