Core Service Review

Committee Decision

At its meetings held on September 12 and 13, 2011, the CDR Core Service Review Subcommittee received the public presentations for information.

Origin

(July 20, 2011) Letter from the Community Development and Recreation Committee

Summary

On July 20, 2011, the Community Development and Recreation Committee, among other things, established a subcommittee to conduct four regional consultations in each of the four community council regions in accordance with the following terms of reference:

- i. The subcommittee is established for the purpose of reviewing the recommendations of the Core Service Review, the City Manager's report on the Core Service Review and the User Fee Review (if it is ready by September 12, 2011); the subcommittee will obtain public input on these reviews through four public hearings and advise the Community Development and Recreation Committee on these matters.
- ii. The members of the subcommittee include: Councillors Janet Davis, Kristyn Wong-Tam and Joe Mihevc.
- iii. The subcommittee will report to the Community Development and Recreation

Committee.

- iv. The subcommittee will begin its work as soon as possible and end with its submission to the Community Development and Recreation Committee on September 14, 2011.
- v. The reason the Community Development and Recreation Committee cannot do this work is that it is not meeting until September 14, 2011; and transparency and accountability demand that the public have a chance to comment on the Community Development and Recreation recommendations of the City Manager's report.
- vi. The City Clerk's Office will staff the subcommittee within existing resources.

and further:

- vii. That all members of Council be invited to attend the service review subcommittee consultations.
- viii. That staff from the relevant Community Development and Recreation Committee divisions be requested to be in attendance at the meetings.
- ix. That the City Manager be requested to provide a summary of the input of the public consultation to the Community Development and Recreation Committee meeting of September 14, 2011 and then to the September 19, 2011 Executive Committee meeting to inform its deliberations.
