Re: EX1.9, Change to Driveway Parking Regulations for the Residential Zone Category in New Zoning By-Law

I had intentions of raising this issue through a motion at Council, so I am pleased to see the Executive Committee is dealing with this matter. I am disappointed, however, that this issue will not be resolved until after January 2011.

Since talking to many members of Council, I am confident there is consensus on this matter and I ask the committee refer this item directly to Council for the purpose of allowing residents to park their personal vehicles. It would be a nice start to the new term to correct an issue that was erroneously overlooked at our last Council meeting. This would clear up any confusion with residents and the media regarding driveway parking restrictions.

Yours truly,
