Re: Item NY32.50, Final Report – Downsview Area Secondary Plan Review

Dear colleagues:

I am writing to express my support for a deferral of this report.

I believe that there is more work to be done to ensure we are putting forward the best plan possible. There are several issues that affect my community which require further discussion.

Were I able to attend today's Community Council meeting, I would vote strongly in favour of a deferral of this application.

Sincerely,

Mike Feldman
