Subject: Proposed repeal of Bylaw 1156-2010

As a Zoning Consultant I am delighted that By-law 1156-2010 could be repealed. By-law 1156-2010 is poorly designed and difficult to use. Its prohibitive size has not been properly organized/classified to make it user-friendly. I fully support the repeal of By-law 1156-2010 and its redesign as a user-friendly instrument.
