Dear Ms. MacDonald:

**Re: Planning and Growth Management Committee  
Statutory Public Meeting – May 10, 2011  
Repeal of Zoning By-law No. 1156-2010**

---

On behalf of a number of clients, I provided written submissions to Planning and Growth Management Committee and City Council highlighting numerous concerns with By-law 1156-2010. Some of the concerns were site specific while others related to broader issues of City wide application, including concerns with respect to transition and interpretation. In September of 2010, I filed appeals of By-law 1156-2010 on behalf of those clients.

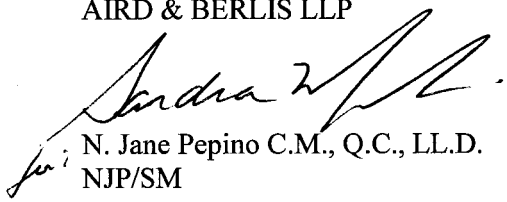

As you are aware, numerous problems have arisen in regard to By-law 1156-2010 and on March 24, 2011 your Committee recommended the repeal of this By-law. Now, with eight (8) additional City wide amendments to the By-law enacted last month and, what we understand to be three (3) further bills yet to be enacted, which together include hundreds of amendments to By-law 1156-2010, the problems have simply been further complicated and compounded.

We are in receipt of the Notice of Public Meeting to hear submissions regarding the repeal of the By-law 1156-2010 and are writing to confirm that our clients support the repeal of By-law 1156-2010.

If you have any questions, please do not hesitate to contact the undersigned.

Yours truly,

AIRD & BERLIS LLP
