**Re: Hydro Corridor Lands Immediately North of 2761 Markham Road  
Ascot Employment District-Ward 42 Scarborough-Rouge River  
Request to Amend Zoning By-law Application No.: 11 129869 EXC 42 OZ**

Dear Ms. Davies:

Enbridge Pipelines Inc. (Enbridge) operates one 762mm diameter high pressure petroleum pipeline contained in a 3.048 m wide right-of-way/easement on the north side of the hydro corridor, as identified in Figure 1 below.

Enbridge has no concerns with the proposed development providing the following conditions are adhered to:

- No permanent structures are permitted within the right-of-way area.
- Enbridge must have the ability to access its' right-of-way at all times for maintenance, inspection and alteration of the pipeline(s).
- Any proposed crossings of the right-of-way by roads, laneways, services and utilities are permitted in accordance with the regulations of the National Energy Board (NEB) Act and subject to approval by Enbridge's Crossings Co-ordinator, Ann Newman at (519) 339-0503. The applicant will be required to enter Enbridge's Standard Crossing Agreement.
- Enbridge is regulated by the National Energy Board (NEB) Act. Section 112 of the Act requires any excavation within 30 meter of Enbridge's right-of-way to be approved by Enbridge.
- No grading or placing fill on Enbridge's right-of-way will be permitted without prior approval of Enbridge.
- No work shall take place on Enbridge's right-of-way without the presence of an Enbridge inspector.
- No heavy machinery will be permitted to cross Enbridge's right-of-way without prior approval.
- No landscaping shall take place on Enbridge's right-of-way without Enbridge's approval.

To obtain locates and confirm the depth of our facilities please contact an Enbridge representative at (905) 659-7236 and Ontario One Call at 1-800-400-2255. Request to meet "Enbridge Pipelines Inc." onsite at the specified address. Three working days notice is required to arrange for an onsite meeting.

Please call if you have any questions.

Yours truly,
