**SUMMARY**

This staff report is about a matter for which Community Council has delegated authority from City Council to make a final decision.

Transportation Services is seeking authority to prohibit parking at all times on the west side of Pardee Avenue, between Liberty Street and the south end of the street as part of transferring pay-and-display parking from the west side to the east side of the street to coincide with the current by-law regulations. This will provide an additional 6 on-street parking spaces and bring the by-law into compliance with the current parking arrangement on this street.

**RECOMMENDATIONS**

Transportation Services recommends that Toronto and East York Community Council:

1. Prohibit parking at all times on the west side of Pardee Avenue, between Liberty Street and the south end.

**Financial Impact**

Funds to undertake the necessary signage adjustments in the estimated amount of $300.00 are contained in the Transportation Services Division 2011 Operating Budget.

Implementation of this proposal will require relocating the existing pay-and-display parking machine from the west to the east side of the street. The Toronto Parking Authority has advised that the estimated cost of this work is about $1,000.00, for which funds are available in their 2011 Operating Budget.
ISSUE BACKGROUND
The Liberty Street/East Liberty BIA through Councillor Gord Perks has requested Transportation Services to investigate the feasibility of providing additional on-street parking on Pardee Avenue, between Liberty Street and the south end of the street, by transferring pay-and-display parking from the west side to the east side of the street.

COMMENTS
Pardee Avenue is a local road operating two-way between Liberty Street and the south end of the street on a pavement width of 9.8 metres. The speed limit is 50 km/h. There is no Toronto Transit Commission service operating on this street.

Currently parking is allowed on the west side of Pardee Avenue controlled by pay-and-display parking machines from 8:00 a.m. to 9:00 p.m., Monday to Saturday and from 1:00 p.m. to 9:00 p.m., Sunday, for a maximum period of 3 hours at a rate of $2.00 per hour. Approximately 4 on-street parking spaces are provided.

However, under the current by-law, pay-and-display parking should be located on the east side of the street. Transferring pay-and-display parking to the east side of Pardee Avenue in accordance with the by-law regulations will result in an additional 6 on-street parking spaces on this street.

As part of transferring pay-and-display parking to the east side of Pardee Avenue, a "No Parking Anytime" regulation should be introduced on the west side, from Liberty Street to the south end of Pardee Avenue.
