To Whom It May Concern:

On behalf of Frontiers College I am writing to you to share my opinion on the proposed changes to the City of Toronto's anti-discrimination policy. As Canada's original literacy organization, we are aware that the City of Toronto is in the process of reviewing this policy.

We would like to express our support for the City Council's existing anti-discrimination policy, which includes level of literacy. The City of Toronto has recognized literacy as a human right in its policies since the International Year of Literacy (1990), and we endorse this far-reaching leadership. Part of our Mission Statement includes the right to literacy.

We support City Council's continued leadership in highlighting the importance of levels of literacy, which is fundamental for social and economic inclusion in the life of our City.

Our vulnerable clients, which include children, youth and adults, rely on those in power to protect their rights, and we at Frontier College have been proud of the role that the City of Toronto has played in that capacity.

Frontier College encourages the City of Toronto's continued leadership in anti-discrimination policies. These policies serve to bring barriers, such as varying levels of literacy, to the attention of the public.

Thank you very much for your consideration.

Sincerely,

Sherry Campbell
President
Frontier College
