Dear Mr. Premier:

As you are no doubt aware Toronto City Council recently passed a number of motions on the future of public transit in the City of Toronto. A number of these motions reversed the direction that had been agreed to in the Memorandum of Understanding that was signed by the Province, Metrolinx and the Mayor of Toronto.

The recent decision by Council to move ahead with above-ground light rail transit initiatives poses a number of concerns. In particular, the now obvious rapid transit deficit that will exist in Scarborough and plans for a Finch West LRT. Each of these public transit directions will have a significant impact for Etobicoke residents, particularly their access to rapid transit.

Councillors, residents and commuters in the City of Toronto have expressed discontent with recent decisions and are asking what can be done to save Toronto's subways. In response, Councillors from all areas of the City have indicated that we must 'Save Our Subways' (SOS).

Therefore, as members of the Etobicoke York Community Council, we are circulating this letter to affirm our support for underground public transit in the City of Toronto. Furthermore, we would request reconsideration of this matter in the Legislature in the form of an open vote.

Regards,

Councillor Mark Grimes

Councillor Frances Nunziata

Councillor Vincent Crisanti

Councillor Frank Di Giorgio
