### ISSUE BACKGROUND

Transportation Services staff attended a meeting with the Ward Councillor and area residents at which time it was requested that no stopping prohibitions be installed on the west side of Quebec Avenue near both Dundas Street West and near Annette Street due to vehicles parking on both sides of the street creating congestion near the intersections. A map of the area is Attachment 1.

### COMMENTS

Quebec Avenue is an 8.5 metre wide two-lane local road with a legal speed limit of 40 km/h. The street is built to urban standards (i.e. curbs and sidewalks on both sides). Currently parking is prohibited at all times on the west side of Quebec Avenue between Dundas Street West and Annette Street. Parking is allowed on the east side but is restricted to a maximum of one hour between 8:00 a.m. and 6:00 p.m. In addition, overnight on street parking is allowed by permit only.

Observations indicate that parking is taking place within the areas posted as "No Parking Anytime" near both Dundas Street West and Annette Street, creating congestion and effectively reducing the roadway a single lane at times. Vehicles parking within the prohibited areas appear to be generated primarily by the coffee shops located near the subject intersections. In most instances the illegally parked vehicles were parked for less than 10 minutes.

Based on the aforementioned, staff recommends that "No Stopping Anytime” prohibitions be installed on the west side of Quebec Avenue between Dundas Street West and a point 42 metres south and the west side of Quebec Avenue between Annette Street and a point 41 metres north.
