Toronto Parking Authority Correspondence - Moved by Councillor Mary Fragedakis, seconded by Councillor Ana Bailão

** Notice of this Motion has been given.*

** This Motion is subject to referral to the Executive Committee. A two thirds vote is required to waive referral.*

Recommendations

Councillor Mary Fragedakis, seconded by Councillor Ana Bailão recommends that:

1. City Council request the Toronto Parking Authority Board of Directors to amend its resolution related to providing parking pass information to the City so that information about each Councillor's parking pass activity is sent to the individual Councillor who generated the activity only and not to the City.
2. City Council request the City Manager to advise City agencies of their responsibilities for managing their information in compliance with legislation and to update agency governance documents as appropriate and as the opportunity arises, in order to clarify these responsibilities.

Summary

Members of Council have received the attached letter dated May 15, 2012, from the Toronto Parking Authority, advising of a Board resolution with regard to its parking pass policy.

The Toronto Parking Authority is a separate and distinct entity and has full responsibility for managing its information. This Board resolution would have the effect of transferring the Toronto Parking Authority's responsibility for managing its information to the City. Parking pass activity information collected by the Parking Authority about each Councillor can be provided to the individual Councillor who generated that activity but should not be provided to the City. The Toronto Parking Authority should have discussed this with the City prior to submitting the resolution to its Board.

(Submitted to City Council on June 6 and 7, 2012 as MM24.10)
