**Identifying priority locations for security cameras in Toronto
Community Housing - by Councillor Paula Fletcher, seconded by
Councillor Glenn De Baeremaeker**

** Notice of this Motion has been given.*

** This Motion is subject to referral to the Executive Committee. A two-thirds vote is required to waive referral.*

Recommendations

Councillor Paula Fletcher, seconded by Councillor Glenn De Baeremaeker, recommends that:

1. City Council request the Chief Executive Officer, Toronto Community Housing Corporation, in consultation with Toronto Community Housing Corporation tenants, to determine priority locations for high-resolution security cameras and forward the associated costs to the 2013 Budget Process.

Summary

Over the past year there have been a number of instances of violence at Toronto Community Housing properties, and a climate of fear has been reported by tenants. Tenants are concerned that their communities are not safe, and that appropriate measures to make them safe are not being taken.

Installing high-resolution security cameras in priority locations will help to improve the sense of security felt by tenants, and the recorded footage can be used to monitor any criminal behavior that may be occurring in Toronto Community Housing.
