Date: September 21, 2012

To: Members of the North York Community Council

Subject: Request to Poll for Traffic Calming Measures – Edinburgh Drive

RECOMMENDATIONS:

That North York Community Council:

1. Direct the City Clerk to undertake a poll of the residents of Edinburgh Drive, from Bathurst Street to Westgate Boulevard regarding the installation of traffic calming measures (speed humps) as per plan NY-1980 to determine resident support, in accordance with the City of Toronto Traffic Calming Policy.

2. Subject to a favourable poll:

   a. Request that a road alteration by-law be prepared for Edinburgh Drive, from Bathurst Street to Westgate Boulevard for traffic calming purposes generally as shown on the speed hump plan circulated to the residents.

SUMMARY:

This item is about a matter that Community Council has delegated authority to make a final decision, provided that it is not amended so that it varies with City policy or by-laws.

The purpose of this is to obtain approval to request the City Clerk to poll the residents of Edinburgh Drive, from Bathurst Street to Westgate Boulevard in order to determine the feasibility of installing traffic calming.

The installation of traffic calming measures would result in a reduction of vehicle speeds on Edinburgh Drive, from Bathurst Street to Westgate Boulevard.

Sincerely,

James Pasternak,
Councillor, Ward 10
