Dear: Mr. Dzeko

RE: Proposed Single Sided Electronic Ground Sign located at 933 Dixon Road

Thank you for your letter of September 9, 2011 requesting ministry clearance for the proposed relocation of the existing single faced billboard located on this site. As mentioned in your letter the existing sign faces away from Highway 427 and the copy is not visible to the highway.

It is my understanding that it is your intention to move the sign further to the east and maintain the existing orientation and only advertise on the east elevation (away from Highway 427). Furthermore, you state that there will be no advertising on the west elevation.

Based on this information, this ministry has no objections to this proposal and as the sign face is not visible to Highway 427 a ministry permit is not required in this instance.

Yours truly

A handwritten signature in blue ink that reads "Ken Sherbanowski".
