Re: Bikeway Network and Wellesley Street

City Council at its meeting of July 2011 adopted the following motion as part of the Mayor's Bike Plan,

1 (d) proceed with the detailed design and consultation process for developing separated bicycle lanes on Wellesley Street with the goal of implementing them in 2012.

It would appear that the consultation process has not commenced.

Therefore, I would request a report to the May 16th meeting of the Public Works and Infrastructure Committee on the status of this project.

Sincerely,

Denzil Minnan-Wong
Chair, Public Works and Infrastructure Committee
Councillor, Don Valley East
Ward 34
