To: Public Works & Infrastructure Committee Members,

Subject: Plastic Bag Ban Bylaw

We welcome the opportunity to have input, but are skeptical that the input is being sought simply to legitimize a decision to ban plastic bags that has already been made by the City of Toronto. We understand the Public Works & Infrastructure Committee (PW&I) cannot make any changes to the bylaw and therefore any deputation we make would be irrelevant, not taken into account, a waste of our time and resources.

The plastic bag ban is unnecessary, there is no municipal need for the ban – it should be reversed.

Sincerely
