**SUMMARY**

This staff report is about a matter for which the Community Council has delegated authority from City Council to make a final decision.

This staff report concerns the feasibility of amending the current No Parking Anytime regulations on Village Green Square to accommodate drop-off and pick-up in the vicinity of 125-135 Village Green Square at a daycare facility. The "15 minute" permissive parking zone will facilitate the parents/guardians drop-off and pick-up at an existing lay-by and encourage parking turnover.

**RECOMMENDATIONS**

Transportation Services recommends that Scarborough Community Council:

1. Rescind the parking regulation, as identified in Appendix 1 of this report.

2. Enact the parking regulations, as identified in Appendix 2 of this report.

3. Pass or amend the appropriate by-law(s) accordingly.

**Financial Impact**

The financial cost of installing these parking regulation signs is approximately $500.00. Funding for the signs is available in the Transportation Services 2012 Operating Budget, within Cost Centre TP0397.
ISSUE BACKGROUND
As a result of a request, Transportation Services staff reviewed this location to determine the feasibility of installing a 15 minute permissive parking regulation in the vicinity of 125-135 Village Green Square. The permissive parking can be contained within an existing lay-by on Village Green Square. Two-way traffic operations will not be impacted.

COMMENTS
Key characteristics describing Village Green Square include:

- Village Green Square is an east-west collector road that intersects Kennedy Road on the east side and runs eastward to a railway corridor.
- The land uses on Village Green Square are multi-level residential buildings, a hotel, and office uses.
- A daycare facility opened earlier this year at 125-135 Village Green Square.
- Village Green Square carries approximately 3,000 vehicles per day with an operating speed of approximately 50 km/h.
- A sidewalk is located on the north side of Village Green Square.

Parking Regulations

Parking prohibitions /regulations in the City of Toronto are recommended and adopted/amended by Council on an as needed basis.

The amended Parking Regulations will enhance drop-off and pick-up facilities at 125-135 Village Green Square and will have little effect on other motorists. The amended regulations will also promote parking turnover.
