**Re: New Business- Request to review the heritage status of the building at 100 Charles Street East under Part IV of the Ontario Heritage Act**

I am requesting City staff undertake the review of the building for its potential listing and designation under Part IV of the Ontario Heritage Act. The building at 100 Charles Street, the Gerstein Centre, may have historical significance in the community but has not yet been evaluated for inclusion on the heritage inventory.

**Recommendations:**

- 1) Request the Acting Director, Policy and Research, to evaluate and report for the possibility of inclusion on the heritage inventory and potential designation of the building at 100 Charles Street East under Part IV of the Ontario Heritage Act.

Respectfully submitted,

Kristyn Wong-Tam  
Councillor, Ward 27
