Re: Request to name components of the new Joel Weeks Park located at 10 Thompson Street

The new Joel Weeks Park was developed by adding the land set aside from the former Don Mount Park into the existing Joel Weeks Parkette. Residents have been involved in the design of the park from the outset and continue to be involved in the naming of the park and park elements. Based on feedback from the community I recommend:

**Recommendations:**

1) The basketball courts be named "Don Mount Courts", and

2) The community garden be named the "Riverside Community Gardens".

Sincerely,

Councillor Paula Fletcher
Ward 30 Toronto-Danforth
