Hi Wade,

Please find attached the letter you sent our office requesting feedback regarding the demolition application for 72 Wells Hill Avenue. You note that the property is commercial in the letter, but I understand you think that was a clerical error and it is actually residential.

As I said on the phone, Joe is objecting to this demolition application. I understand that because of Joe's objection, you will not issue a demolition permit, but instead will write a report to TEYCC, for councillors' consideration. Joe is objecting because he is concerned this building might have heritage value. He will be moving a motion at TEYCC requesting Heritage Preservation Services do a review of this property to determine if it has heritage value.

I've copied Heritage Preservation Services for their information.

I am away next week, but if you have any concerns, please connect with my colleague Mark.

Best,
Lydia
