Removal of District Chief 12 in North Command:

|  | DC 12 IN | DC 12 OUT | \% Increase in <br> Response Time |
| :---: | :---: | :---: | :---: |
| City-Wide | $6: 38$ | $6: 48$ | $2.5 \%$ |
| North Command | $6: 48$ | $7: 12$ | $5.9 \%$ |
| District 12 | $6: 53$ | $9: 01$ | $30.3 \%$ |

Notes:

- times do not include 911 call taking time or fire communications handling time - reflect dispatch to arrival only

DECCAN calculates AVERAGE response times while fire standards are reported in 90TH PERCENTILES.
2011 full year AVERAGE response time was 4:52, while the 90TH PERCENTILE was 6:47,
representing the difference in the two measurements.
