

Proposed 2013 Expansion of Student Nutrition Programs

The following schools applied for 2012 grant funding to start a student nutrition program in the 2012/13 school year. Due to a moratorium on extending funding to new programs, their funding was denied. These schools identified a need in their school population and felt that their students would benefit from having access to a student nutrition program.

City Ward	Councillor	Name of School/Site	Proposed No. of Student Participants	School Board	Grade Level
1	Vincent Crisanti	John D Parker Junior School	600	TDSB	Elementary
