Trustee Name: N/A

Group Overview: This group works with youth in the Malvern community to provide opportunities and a safe space for youth artists and non-artists to access art and technology programs. By providing this creative space for youth, artists are able to teach and share their talents with their peers. The group is located in Ward 42 – Scarborough-Rouge River.

Project Description: This project will offer youth an opportunity to access art and technology programs in the community. Through this project, young artists will teach their skills and talents to other youth. Most youth can't travel downtown, so they don't get the opportunity to try new forms of art and access to technology locally.
