CITY CLERK'S OFFICE  
SECRETARIAT SECTION  
2013 JUN 10 A 10:32

Attention: Mayors and Councillors

Dear Sirs/Mesdames:

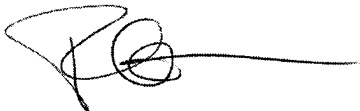

**Re: Request for time specific consideration of agenda item TE24.83  
Tequest to Designate the University of Toronto Back Campus as a cultural  
heritage landscape**

We are the lawyers for the Governing Council of the University of Toronto ("University").

As you are aware, City Council will be considering a motion by Councillor Adam Vaughan to designate the playing fields on the Back Campus at the University of Toronto St. George Campus as a "cultural heritage landscape" under Part IV of the *Ontario Heritage Act*. This matter arises from a decision made by the Toronto and East York Community Council. We anticipate that this matter will be held by Council for debate.

There are a substantial number of individuals at, or affiliated with, the University, as well as other affected organizations that would like to attend and observe Council's consideration of this matter. We respectfully request on behalf of the University to have Council commence consideration of Councillor Vaughan's motion (item TE24.83 on the agenda) as the 1<sup>st</sup> agenda item on Wednesday morning.

Yours truly,

Raivo Uukkivi
