Dear Ms. Dyers,

As per the request of the LCBO and AGCO, the Gardiner Museum is advising the City Clerk's office of an event on September 6, 2013. This letter also confirms our withdrawal of a request for a declaration of municipal significance, which the LCBO informed us, was not needed as the Gardiner Museum is a charitable organization.

As part of our Artist Intervention Series, the Gardiner Museum has invited architect, artist, and University of Toronto professor An Te Liu to create work in response to our permanent collection. The Museum will be hosting an opening event for the exhibition on Friday, September 6, 2013 from 6 – 10 pm. The event will take place at the Museum located at 111 Queen's Park in our lobby and on the front steps.

Our managing caterer is licensed to serve alcohol in the building. We have requested a permit for this space from AGCO for this very special event.

We look forward to sharing this milestone with Council and our fellow residents.

Yours truly,

Lauren Gould
