TO: Mayor Rob Ford and Members of Council

RE: Item PG 27.4 – Mid-Rise Building Performance Standards – Monitoring
City Council Meeting, November 13-14, 2013

We join with CORRA and Toronto Resident and Ratepayers Associations and request that:

1. Resident and Ratepayers Associations and Groups be included as STAKEHOLDERS, and be treated in the same manner as other stakeholders, in any consultations anticipated to complete the comprehensive review of the Mid-Rise Building Performance Standards.
2. All STAKEHOLDERS, including Resident and Ratepayers Associations, be provided with notification of all reviews, considerations, meetings, and decisions that may affect the performance standards in the Avenues & Mid-Rise Buildings Study, and any future inclusion and reference to mid-rise building performance standards in the Official Plan.

Thank you.

Timothy Dobson, Chair
LAKESHORE PLANNING COUNCIL CORP. (LPCC)
