Dear Mayor and Members of City Council:

**Re: PG28.2 – Planning and Growth Management Committee Recommendations**

---

In respect of the Committee's recommendation to re-designate certain lands on the south side of Judson Street in the vicinity of the Metrolinx rail corridor and Willowbrook facility as a "re-generation area", please be advised that we are concerned about any use of those lands that would be incompatible with the operations of the Willowbrook facility and rail corridor, given their proximity.

We would be pleased to provide you with particulars of our concerns. We would request that consideration of this matter be deferred until such time as we can provide you with these particulars.

If you do proceed, please notify us of the outcome and any further communications regarding this matter.

Yours truly,

Dorothy Wahl  
Senior Legal Counsel
