2013 DEC 16 AM 7 34

To: Mayor and Members  
Toronto City Council

Re: Item EX36.3 Street Naming Policy

We respectfully request that this proposal to change the street naming policy be referred for consultation.

In particular, we note that community council's are responsible for reviewing recommendations regarding street names. This proposal seeks to bury approval for any differences of opinion with officials which means that they will not see the light of day. Neighbourhoods must be consulted on the proposed changes to your policy.

Please refer this item to all community councils and heritage bodies for consultation.

Yours truly,

Ralph Daley,  
President, Grange Community Association
