Re: Item 27.10 Telecommunications - Authority to Permit the Installation of Stand-Alone Antenna Poles
Item 29.8 Review of City Protocol for Telecommunications Towers Under 15 Metres in Height

Please distribute this letter to all Council Members and attendees.

Dear City Council Members,

I am writing on behalf of the Swansea Area Ratepayers' Association (SARA) and the Swansea Area Ratepayers' Group (SARG).

The Swansea Area Ratepayers' Association (SARA) and Swansea Area Ratepayers' Group (SARG) supports the recommendations of the York Mills Valley Association.

In summary:

For Item 27.10

1. Request that Councilors vote against proposal 27.10 for deployment of <15m cell towers on public-rights -of-way.

For Item 29.8

1. Council ask Toronto Hydro to follow City "best practice" for antenna on its hydro poles.
2. Council ask Industry Canada to update CPC-2-0-03 to include notification and consultation on <15m cell towers.
3. Council ask Health Canada to update its Safety Codes following international best practice standards.

Swansea Area Ratepayers' Group

4. Suggest that Council support Councillor Vaughan's Motion for signage of <15m cell towers

Sincerely,

David Fleming
Executive Secretary,
SARA/SARG
