Dear Councillor Perruzza,

**Re: Welfare of Immigrant Children**

The recommendations put forward are intended to address an issue which has consequences for many children. It is critical that the City recognize the challenges and abuse faced by many young immigrants especially those who are now attempting to integrate in a new family structure.

There is certainly the physical abuse but let us also bear in mind the mental adjustments and difficulties associated with adjusting to a new family, a new home and a new country.

Yours truly,

.....
