

TRANSMITTAL FROM CITY COUNCIL

Basement Flooding Remediation for Flood Plain Area Properties and Funding for the Source Water Protection Program

Date:	October 18, 2013
To:	Executive Committee
From:	City Council
Wards:	All Wards

City Council Decision

City Council on October 8, 9, 10 and 11, 2013, adopted as amended Item EX34.4, headed "Impacts from the July 8, 2013 Storm Event on the City of Toronto", and in so doing, has requested the Executive Committee:

1. as part of the Toronto Water 2014-2023 Capital Plan budget process, to consider the advancement of basement flooding remediation for those properties in floodplain areas of the City of Toronto.
2. as part of the 2014 Toronto Water Capital Budget process, to give consideration to restoring full funding to the Source Water Protection Program.

Summary

City Council on October 8, 9, 10 and 11, 2013, adopted as amended, Executive Committee Item 34.4, on Impacts from the July 8, 2013 Storm Event on the City of Toronto. Among other things, City Council has requested the Executive Committee:

1. as part of the Toronto Water 2014-2023 Capital Plan budget process, to consider the advancement of basement flooding remediation for those properties in floodplain areas of the City of Toronto.
2. as part of the 2014 Toronto Water Capital Budget process, to give consideration to restoring full funding to the Source Water Protection Program.
