RE: Executive Committee Agenda Item EX33.22, July 3, 2013

Dear Executive Committee Members,

I am writing to inform you that BlueGreen Consulting Group Inc. supports, in principle, the recommendations to implement the proposed Residential Energy Retrofit Pilot Program. This innovative, voluntary pilot program will allow Torontonians to make their homes more efficient and affordable to operate.

Improving the water and energy efficiency of homes in Toronto will save tax payers from having to finance infrastructure improvement in the long term.

Sincerely,

A handwritten signature in black ink, appearing to read "Greg Labbé", is placed over a light blue rectangular background.

Greg Labbé
Partner
BlueGreen Consulting Group Inc.
