COMMENTS
At the request of an area resident, Transportation Services staff has investigated rescinding the existing accessible loading zone fronting Premises No. 1037 St. Clarens Avenue. A map of the subject location is Attachment 1.
Currently on this block of St. Clarens Avenue, an alternate side parking system operates. Parking is allowed fronting the subject premises from December 1 to March 31 and from the first day to the 15th day of each month from April 1 to November 30. Parking is allowed for a maximum period of three hours, outside of the hours of permit parking operation between 12:01 a.m. and 7:00 a.m., daily.

To facilitate curb side access, an on-street accessible loading zone, 5.5 metres in length, was established in 2003 on the east side of St. Clarens Avenue fronting Premises No. 1037. This loading zone operates from 7:00 a.m. to 8:00 p.m., daily (the time period required by the accessible permit holder for pick-up/drop-off purposes).

The resident who resided at the above mentioned address is no longer at this address and no longer needs the space. TTC staff has confirmed that they have not provided a ride from this property since May 2012. As such, the accessible loading zone fronting the subject address will be eliminated.
