Ms. Rosemary Mackenzie
Administrator, Etobicoke York Community Council
Etobicoke Civic Centre
399 The West Mall, Main Floor
Toronto, Ontario M9C 2Y2

Dear Ms. Mackenzie:

Re: PATIO LICENSE APPLICATION FOR BRUNCHWORKS CAFÉ – 928 ST. CLAIR AVENUE WEST

Brunchworks Cafe is in the middle of its patio license application process. The neighbourhood is slated to be polled.

This establishment has played a prominent role in promoting economic revitalization in the local Regal Heights Village BIA, and has provided a positive, family friendly environment for local residents to enjoy food and beverages. In light of the summer season ahead of us, a patio would help to sustain a healthy amount of economic activity for this establishment and the surrounding community.

I would like to make the following recommendation for the Etobicoke York Community Council meeting of June 18, 2013.

RECOMMENDATION:

1. Etobicoke York Community Council recommends that the patio license for Brunchworks Café, located at 928 St. Clair Avenue West, be approved on the condition that:

   a. a majority of those polled are in favour of the application; and

   b. the application and poll are in full in compliance with Municipal Licensing and Standards requirements.

2. Etobicoke York Community Council recommends that if the result of the neighbourhood poll is not favourable, this patio application return to the next Etobicoke York Community Council meeting of September 10, 2013.
