CITIZENS FOR A SAFER COMMUNITY

Dear Toronto Community Council Member, I sign this petition in opposition to the installation of a traffic light at Burnhamthorpe Rd and Meadowbank Rd. We urge you to support the effort of community members to alternatively install a pedestrian activated traffic light, at a preferred location supported by the community, eastward and mid-block on Burnhamthorpe Rd. Thank You!

As residents in this immediate area, we are confident that a traffic light at Burnhamthorpe and Meadowbank will be less safe, create more traffic congestion on both Burnhamthorpe Rd and Meadowbank Rd, and will decrease air quality in our community. Moving this pedestrian activated light to a mid block location, will improve both pedestrian and vehicular safety, reduce "J walking" for pedestrians coming from the east and ease congestion on our streets and pollution in the air we all breathe.

A copy of the Petition containing 160 signatures is on file in the City Clerk's Office.
