RE: Direct, Indirect and Opportunity Costs Associated with the Casino File

Dear Mr. Pennachetti,

I am submitting this Administrative Inquiry (under Municipal Code S27-61) to obtain information related to the direct, indirect and opportunity costs associated with the casino file. I am requesting a response from you to the following:

- 1) An itemized accounting of all the City of Toronto staff time and other expenses, including out of pocket expenses, involved in the negotiations, public consultations, researching, reporting and any other aspect of the Ontario and Lottery Gaming Corporation's proposed expansion of gaming in Toronto.
- 2) An itemized accounting of any consultants' time and other expenses, including out of pocket expenses, engaged in the negotiations, public consultations, researching, reporting and any other aspect of the Ontario and Lottery Gaming Corporation's proposed expansion of gaming in Toronto.
- 3) An analysis of what other City of Toronto projects were delayed and by how long in order for the City of Toronto to consider the Ontario and Lottery Gaming Corporation's proposed expansion of gaming in Toronto.

I look forward to your reply.

Sincerely,

Councillor Mary Fragedakis
Ward 29, Toronto-Danforth
